2012 Annual Security Report

MESSAGE FROM UDC PUBLIC SAFETY/POLICE

The Office of Public Safety at the University of the District of Columbia (UDC) remains United, Driven, and Committed to ensuring a safe and healthy academic community where students, faculty, staff, and guests can take full advantage of opportunities offered by the University. Public Safety provides our campus and satellite locations with law enforcement services 24 hours a day, 7 days a week, year round. Some of these services include: patrol, bike patrol, crime prevention, access and ID control, vehicle lockouts, jumpstarts, escort service, and investigations. These services are provided to our off-site campuses and satellite locations during operational hours or as needed.

A safe and secure environment requires dedication and commitment from all segments of the campus community. This is achieved in part through crime prevention, which is the responsibility of everyone. Through this partnership, we can and will continue to reduce environmental hazards and risks, crime and the fear of crime and disorder in our community. In wake of recent tragedies associated with academic communities, it is vitally important for everyone to be cognizant of their surroundings and immediately report suspicious activities.

Information provided in this annual brochure is intended to inform, advise and alert the campus community of current public safety programs, policies and procedures related to crime awareness and reporting procedures here at the University of the District of Columbia. Please take time to familiarize yourself with the resources available to you as we continue to develop our sustained partnership.

On behalf of our Department, we thank you in advance for your continuous support and efforts toward building enhanced communication and partnerships while making the University of the District of Columbia among the safest campuses in the country.

University Snapshot

The University of the District of Columbia is a medium-size public institution, comprised of a Flagship institution and the David A. Clarke School of Law at its Van Ness campus, as well as a Community College located in downtown D.C. The nine (9) acre Van Ness campus has eleven (11) buildings, totaling 1,228,981 gross square feet, conveniently situated within walking distance of each other and is commonly referred to as a pedestrian campus. Largely recognized as a commuter campus, the University does not

have on-campus residential facilities for the purpose of housing students. The University community consists of approximately 6,000 students and 1,200 faculty and staff. The University has two facilities located off campus: Aerospace Technology Facility at Reagan Washington National Airport (Washington, DC) and Agricultural Experiment Station (Muirkirk Research Farm) located in Beltsville, MD. In addition, the University offers academic, cooperative extension and workforce development courses at its satellite locations: Backus, PR Harris Educational Center, Friendship Edison, Cardozo HS, Roosevelt HS, and Fletcher Johnson (formally H.D. Woodson HS), in Washington, DC.

ABOUT THE OFFICE OF PUBLIC SAFETY

OUR MISSION

Public Safety is committed to reducing environmental hazards, risks, crime, disorder, and the fear of crime on campus.

OUR VISION

To be recognized by our community and colleagues as the leading campus public safety agency and emergency management service provider in the nation, noted for our innovative and effective approaches to reducing environmental hazards, risks, crime, disorder, and the fear of crime on campus.

OUR STRATEGY

In our ongoing efforts to develop positive and meaningful partnerships with members of our community, the members of Public Safety are committed to affecting an organizational culture that embraces quality, continuous improvement, and value-driven service.

OUR FIVE CORE VALUES

Exemplifying quality and value driven service:

- Quality - Exceeding our customers' expectations – every time.
- Caring - Demonstrating genuine understanding, patience and support – all the time.
- Service - We are here for the sole purpose of serving you—at any time.
- Innovation - Effectively responding to our customers' needs—whatever it takes.
- Commitment - Our promise of dedication as demonstrated by our actions and results—put us to the test.

WHO WE ARE & WHAT WE DO

Public Safety consists of professionally trained sworn police supervisors, officers, and communication specialists. Public Safety has primary oversight for University Police and Emergency Communication Center. Police operations comprise the largest component of the Department, with a vast array of duties ranging from patrolling and investigating complaints to staffing special events, and traffic control. Police operations consist of three overlapping shifts, with individual command personnel who remain available to provide immediate response and direction for critical or environmental hazards or emergencies. Public Safety and Environmental Health and Safety personnel respond to and investigate all calls for service received by the Department, whether criminal or non-criminal in nature, and both on and near the campus. The University Police and the Emergency Communication Center is operational and staffed 24 hours per day, 7 days per week, year round.

HOW WE DO IT

The Public Safety team strives to maintain positive and meaningful communications through sound partnerships with other District and local emergency response agencies. University Police partner with a host of agencies ranging from the District's Consortium of Universities, to various other local, state, and federal law enforcement agencies; we rely on these various entities for mutual support. Through these alliances, training opportunities, information sharing and other types of assistance are rendered. UDC Police sustain an exceptional partnership with MPD.

When information is received regarding criminal activity involving a member of the University community occurring on or near university properties, University Police will actively investigate and collaborate with MPD. Accordingly, MPD routinely communicates with University Police on serious incidents occurring on or near the campus, and in particular, those incidents involving University students or staff; likewise, University Police notify MPD on major offenses reported to UDC Police. Currently, UDC is the only university in the city with the capability to exchange radio communication on demand, in real time, with local and regional law enforcement, fire/EMS, and emergency management agencies.

Finally, as a member of the District's Consortium of Universities, UDC Police administrators support the MPD's Joint Operations Command Center (JOCC). Through this commitment, UDC police administrators, on a rotational on-call basis, are called upon to staff the JOCC in the event of a District-wide emergency. This type of interagency collaboration personifies the commitment of the numerous emergency response agencies that service the District of Columbia community, of which University Police is proud to be an active participant.

AUTHORITY & JURISDICTION

UDC Police are commissioned through the DC Metropolitan Police Department (MPD), pursuant to the provisions of D.C. Code § 5-129.02., the College and University Campus Security Amendment Act of 1995, and Title 6A of DCMR, Chapter 12. UDC Police Officers are armed and as law enforcement officers have the authority to arrest without a warrant for offenses committed within their jurisdiction, which extends to those buildings and properties owned or controlled by the University of the District of Columbia. While MPD has primary jurisdiction and authority in all areas off campus, UDC Police respond to student and staff related incidents that occur at or immediately adjacent to the Van Ness Campus and satellite locations. With respect

to properties associated with the University located outside of the District, UDC Police Officers will respond as representatives of the University, and the jurisdiction's local law enforcement retains primary authority.

COMMENDING OFFICERS & PROCEDURES FOR FILING COMPLAINTS OF MISCONDUCT

Consistent with our core values of being United, Driven, and Committed to providing quality customer service, it is our goal that your encounters with members of the University Police exemplify quality caring service, as demonstrated through our actions and words.

A member of the UDC Police may be acknowledged for service rendered during the performance of their duties may be done by contacting the Chief of Police at (202) 274-6195. Please be prepared to provide the member's name, the type of service rendered, and the date and approximate time that the action occurred. The University Police member will be recognized, and a copy of the commendation will become a permanent part of their personnel folder.

Allegations of Misconduct with regard to a University employee, including the conduct of a member of this Department, are addressed through an established formal complaint procedure. In accordance with applicable District of Columbia laws and regulations, this formal process provides for corrective action (as appropriate) while at the same time protecting employees from unwarranted criticism when duties are properly performed.

In general, the process involves reporting the alleged misconduct to the UDC Chief of Police located in the Administration Building (#39), Room #C04 (202-274-6195). The Office of Public Safety will collaborate with the Office of Human Resources on complaints regarding misconduct. Complaints are investigated and handled in a just manner that takes into consideration the rights of the complainant and the accused, as well as the safety and needs of the University community pending the investigation.

ABOUT THIS PUBLICATION

In accordance with the 1990 Crime Awareness and Campus Security Act, Public Safety is responsible for preparing and publishing an annual security report by October 1 of each year, for the purpose of disclosing and disseminating certain information regarding campus crime statistics, security policies and campus law enforcement. In compliance with this federal law, Public Safety makes public this information by way of the Annual Security Report. The publication is made available to current and prospective students and employees, and is disseminated via the University's website at http://www.udc.edu/police (*click on publications*). Limited hard copies are available at the Public Safety Customer Service Center, located in the Administration Building (39) Room #C04. The crime statistics for the University of the District of Columbia, contained in this report, are submitted to the U.S. Department of Education (ED) through a web-based data collection system and can be viewed at the following web address: http://www.ope.ed.gov/security.

COMPLYING WITH FEDERAL REPORTING REQUIREMENTS

THE CLERY ACT

The issue of campus safety is a vital concern. The Clery Act, originally known as the "Crime Awareness and Campus Security Act of 1990", is named in memory of Jeanne Ann Clery, a 19 year-old freshman who was raped and murdered at Lehigh University, while asleep in her residence hall room on April 5, 1986. The intention of the Clery Act legislation (renamed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in 1998) is to provide students and their families with accurate, complete and timely information about safety on campus.

This federal law is applicable to public and private institutions of higher education that participate in federal student financial aid programs (under Title IV of the Higher Education Act of 1965), and is enforced by the U.S. Department of Education (ED). Under federal mandate, this Act requires institutions to disclose certain information about campus safety policies and procedures to current and prospective students and employees, and to provide statistical information concerning certain crimes that occur on and near their campus. Other information mandated by this Act include statements about campus law enforcement policies, campus security education and prevention programs, alcohol and drug policies, fire safety and missing student reporting requirements, sexual assault education and prevention programs and procedures for reporting and handling incidents involving sexual assault. The Act has undergone several legislative amendments since its inception, primarily resulting in expanded reporting requirements for institutions of higher education.

CAMPUS SEX CRIMES PREVENTION ACT AND VIOLENT CRIME CONTROL AND LAW ENFORCEMENT ACT

The Violent Crime Control and Law Enforcement Act of 1994 (VCCLEA) mandates that sex offenders provide notice as required under state law of employment or enrollment status at an institution of higher education. The VCCLEA also requires that state procedures ensure updated information is promptly made available to law enforcement agencies with jurisdiction where the institution of higher education is located, and that the information is entered into the appropriate state records or data systems.

The Campus Sex Crimes Prevention Act (CSCPA) (Section 1601 of Public Law 106-386) was enacted in October 2000, and provides for the tracking of convicted registered sex offenders who are enrolled as students at institutions of higher education, or working or volunteering on campus. The CSCPA mandates that institutions of higher education advise their respective campus communities where offender registration made available to law enforcement agencies may be obtained.

REPORTING REQUIREMENTS

The Publication and dissemination of an annual security report made available to current and prospective students, employees.

Disclosure of specified campus safety and security policies and practices.

Providing three years worth of selected crime statistics in accordance with the Federal Bureau of Investigation's Uniform Crime Reporting Program, and submitting the crime statistics to the US Dept. of Education (ED) for inclusion in a database that will be made available to the public on the ED website

Maintaining a public crime log of all crimes reported to the department, which must be open to the general public (including parents and the news media).

Making timely warnings to the community about crimes that pose an ongoing danger to students and employees on campus.

SEX OFFENDER REGISTRY

The Metropolitan Police Department (MPD) has an established sex offender registration program for the District of Columbia making sex offender information available to the public. If you would like further information, please contact the MPD – Sex Offender Registry Unit, at 300 Indiana Avenue, N.W., Washington, D.C. 20001, or call (202) 727-4407. The public may view the entire sex offender registry by visiting one of the Police Districts, the Sex Offender Registry Unit, or by viewing the following web address: www.mpdc.dc.gov (click on Sex Offender Crime Registry under Services).

"SUZANNE'S LAW"

Signed into law by President George W. Bush as part of the national "Amber Alert" bill, this federal law requires law enforcement to notify the National Crime Information Center (NCIC) any time a person under age 21 is reported missing. Previously, police were only required to report missing persons under the age of 18. The law is named after Suzanne Lyall, a 19 year-old University of New York at Albany student who went missing in 1998. The law is intended to impel police to initiate prompt investigations of young persons who have gone missing. The Office of Public Safety at the University of the District of Columbia complies with this law.

MPD publishes a Missing Persons Guide that provides instruction on immediate actions to be taken for missing persons. There is no time period for reporting a person missing in the District of Columbia. To view the MPD Missing Persons Guide, go to www.mpdc.dc.gov (click on Crime Solvers under Services).

CAMPUS SAFETY & SECURITY

Campus Escort, Lockout, and Jumpstarts: UDC Police offer many services to University students, faculty, staff, and guests. One of these services is walking escorts to and from campus buildings or parking facilities. In addition, we offer lockout and jumpstart services for your vehicle. All of these services are available 24 hours a day, 7 days a week, year round. To request these services, please contact University Police at (202) 274-5050.

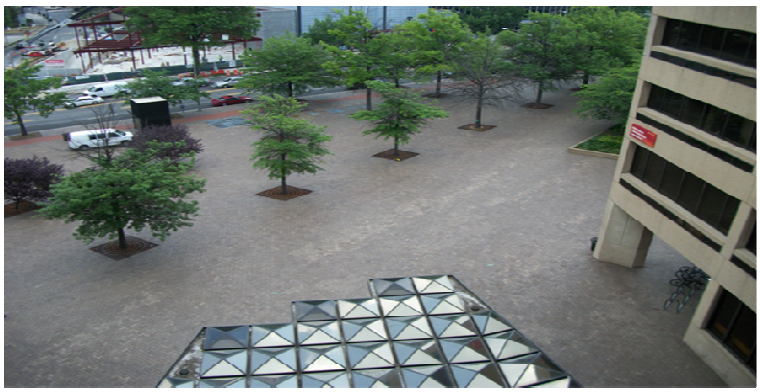
Technology Based Security Systems: UDC Police use several technology-based security systems to enhance safety on campus. Some on these systems include the use of video surveillance cameras, the ONEcard access control systems, emergency call boxes, and the use of alarm systems.

Emergency Drills and Exercises: UDC Police conduct annual emergency drills, table tops, and exercises. These drills, table tops, and exercises help prepare University responders in the event that an actual emergency response to an incident is required.

Facilities Access: Access to University owned and controlled buildings and grounds is a privilege that is extended to students, faculty, staff, and guests. By the very nature of its location, landscape design, and exterior perimeter boundaries, the University promotes an open and welcoming environment. However, the University reserves the right to apply appropriate limitations (as needed) in order to ensure the safety and well being of our community. Except for times when the University is officially closed, most campus facilities are open during the time when classes are in session or by special arrangement. Authorization for use of campus facilities and premises must be obtained in advance through the **Office of Space Reservation at (202) 274-5576.**

UDC implemented a campus-wide electronic access control system, which affords University Police the ability to assess, monitor, and track access throughout the University, thus providing for a safer environment. As a matter of security, University Police encourage authorized staff members who are working in their offices outside of normal business hours, or during times when the University is officially closed, to contact the Emergency Communications Center at (202) 274-5050 upon entering and leaving the campus. In accordance with existing policy, employees must obtain prior approval when requesting access to facilities during times when the University is officially closed. To obtain additional information, please contact the University Police at (202) 274-5050.

Facilities Maintenance: The Office of Campus Services provides power plant operations and maintenance for buildings and grounds located on the Van Ness Campus. Other facility maintenance conditions addressed by this division include electrical and mechanical services, exterior lighting and landscape control, and elevator and escalator repair, among other services. Unsafe facility conditions such as exterior lighting; inoperable locking hardware; thick or full shrubbery; unsafe steps, handrails, or walkways; and other potentially hazardous facility conditions should be reported immediately to the Office of Campus Services, located in the Student Services Building (38), Room #C-21, (202) 274-6133 during normal business hours. Requests for repair services can also be reported on line using the TRACK-IT SYSTEM at help.in.udc.edu from the main UDC website. University Police are available at (202) 274-5050 to receive after-hour complaints for those conditions or situations posing an immediate danger or risk anytime if needed.



Emergency Preparedness & Response: UDC is committed to providing a safe and environmentally-conscious campus for its students, faculty and staff, and for the local community. As part of this commitment, the Office of Emergency Management has developed The Environmental Management Plan and The Emergency Action Guide. The Emergency Management Plan outlines laws and regulations associated with the management of hazardous materials and waste. The Emergency Action Guide is a condensed version of the District's Manual, which provides an emergency management framework for institutional preparation in response to major on-campus emergencies that may threaten the health and safety of the University community or disrupt its programs and operations. Both, the Emergency Management Plan and the Emergency Action Guide, are evolving documents, designed for updates as circumstances and conditions change. These documents can be viewed online by visiting UDC's website at www.udc.edu/police (click on Publications).

SEXUAL HARASSMENT POLICY

UDC is committed to providing a work and academic environment that encourages intellectual and academic excellence and promotes the emotional well being of its students, faculty and staff. Sexual harassment is inconsistent with this objective and contrary to the University's policy of equal employment and academic opportunity. Any actions or behaviors that may be inconsistent with the University's Sexual Harassment or Equal Opportunity Policies and which create an intimidating, threatening or hostile environment which interfere with an individual's work or academic environment are serious offenses prohibited by University policy as well as District and federal laws.

The University's policy on sexual harassment is designed to address and resolve complaints, support complainants, protect confidentiality and preclude retaliation against complainants and those who cooperate with an investigation. All members of the University community should assume the responsibility to see that the University is free from all forms of harassment and that any harassment is properly reported. To ensure that prompt and appropriate actions can be taken to punish and deter the harassment, it is imperative that the University be made aware of such incidents.

Employees who become aware of, believe they have witnessed, or are the recipients of this type of behavior have a responsibility to report such incidents immediately to the University's Equal Opportunity Officer in the **Office of Human Resources, Administration Building (39), 2nd floor, (202)274-5020, or UDC Police at (202) 274-5050.** If you are a student and believe you are being harassed by another student, immediately report it to the Equal Opportunity Officer in the Human Resources. With respect to matters involving students, the Office of Human Resources will involve the Office of Student Affairs as needed to resolve the underlying incident. For additional information concerning sexual harassment, see Sexual Assault Resources (*See page #10*), or contact the Office of Human Resources.

THREAT ASSESSMENT

The Threat Assessment Team (TAT), a team of UDC staff members from varying areas of the University, provide resource information helpful to other community members dealing with individuals who may be threatening or disruptive to University operations or to the UDC community. The primary goal of TAT is to reduce fear, provide victim support services, and to take action to stop violence before it occurs based on the information available at the time and best practices.

EQUAL EMPLOYMENT OPPORTUNITY & AFFIRMATIVE ACTION

UDC actively subscribes to a policy of equal opportunity in education and employment and does not discriminate against any person in recruitment, admission, examination, training, promotion, retention, discipline or any other aspect of employment and education administration because of race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity or expression, family responsibilities, matriculation, political affiliation, genetic information, disability, or veterans' status. In addition, the University may not discriminate against persons seeking access to programs or services on the basis of familial status, source of income, or place of residence or business.

WEAPONS: UNAUTHORIZED USE AND POSSESSION

Unauthorized possession or use of a firearm or explosive device (of any description), and anything used to threaten or harm, including, but not limited to: fireworks, compressed air guns, pellet guns, BB guns, paint guns and water guns, is prohibited.

REPORTING CRIME AND COLLECTING DATA

The Office of Public Safety prepared this report in cooperation with those local law enforcement agencies responsible for municipal oversight of our main campus and satellite locations. Campus crime, arrests, and referral statistics include those reported to UDC Police, law enforcement agencies and "campus security authorities," as defined by the Clery Act. Pursuant to the Clery Act, the University discloses crime statistics reported to University police, local police and non-law enforcement entities that may be recognized as "campus security authorities."

For offenses occurring on campus, UDC Police are the best line of contact because they are most often the first responders to the scene. When you contact **UDC Police at (202) 274-5050,** an officer(s) will be dispatched to the location of the incident. UDC Police simultaneously initiate an emergency response from other agencies as needed, or as required.

Should you become a victim of a crime, or witness a crime, use the following information to immediately contact UDC POLICE:

ON CAMPUS: 274-5050 (within the District of Columbia)

OFF CAMPUS: (202) 274-5050 (or outside the District of Columbia)

IN PERSON: Police Communications Center – Administration Building (39), Room #C04 (staffed 24 hours per day, 7 days per week, year round).

EMERGENCY CALL BOXES: Two-way communication call boxes are strategically located on main campus as well as the parking garage at the Community College (801 North Capitol) which two-way communication with the UDC Police Communications Center. When call boxes are activated, the location from where the call is made is displayed in Police Communications Center and an officer is immediately dispatched. Call boxes are easily identifiable (yellow in color). Please become familiar with the location of these various call boxes as you traverse the campus. *(See page # 13 for complete listing of emergency call boxes located on the Main Campus).*

For direct access to DC Police or DC Fire & EMS, dial 911

(From a University telephone dial 9 + 911).

University Police personnel respond and investigate all calls for service received by the Department, whether criminal or noncriminal in nature, on and near the campus.

With the exception of those individuals exempted from disclosing offenses reported to them (e.g., pastoral and professional counselors acting in the role of pastoral or professional counselors), members of the University community are strongly encouraged to report any allegations of campus crimes to the appropriate law enforcement personnel (University or local police). The University also recognizes the Office of the Vice President for Student Affairs, located in the Administration Building (39), Room #301-I, and the Office of the Vice President for Human Resources, located in the Administration Building (39), 2nd floor, as resources for reporting crime. Personnel from either of these offices will assist student victims in notifying appropriate law enforcement authorities, if the student so chooses.

Public Safety acknowledges that there are several non-law enforcement individuals (including, but not limited to, Deans, Directors, and Department heads) who, by their significant roles or responsibilities, may reasonably be identified by students and employees as "officials" or "campus security authorities" to whom crime should be reported. These individuals are not responsible for determining whether or not a crime has been committed; however, they are required to report such statements to Public Safety for inclusion in the University's Annual Security Report. University and local police stand ready in this function, examining any information supplied by these individuals. For reporting purposes, Public Safety relies on the aforementioned recognized campus security authorities to convey information, enabling the University to report crime accurately and to respond as necessary to incidents occurring on and near our campus.

Confidential Reporting - If you are the victim of a crime and do not want to pursue University or criminal intervention, you are still encouraged to make a confidential report. With your permission, UDC Police can file a report on the details of the incident without revealing your identity. Confidential reporting allows UDC Police to take steps to ensure the safety of yourself and others while complying with your wish to remain anonymous. It also permits the University to include the incident in the annual disclosure of crime statistics without compromising the request for confidentiality. Professional counselors at the University are encouraged, if and when they deem it appropriate, to inform persons they are counseling of procedures to report crimes on a voluntary, confidential basis for inclusion in the annual disclosure of crime statistics.

CRIME AWARENESS AND CRIME PREVENTION EDUCATION

Using a multi-layered approach, Public Safety provides services and employs strategies that maximize crime and safety awareness while at the same time encouraging community members to take responsibility for their personal safety and the safety of others.

Throughout the academic year, Public Safety members conduct crime prevention and education presentations, distribute preventative and informational literature, and deliver safety and security programs to new and returning students, faculty, staff and guests. UDC Police administrators participate in student orientations held at the beginning of each academic semester, as well as various other programs and functions sponsored by the University, for the purpose of providing information concerning crime awareness, sexual assault, traffic safety, campus safety, and other public safety initiatives. UDC Police can also provide custom designed presentations for most public safety topics upon request.

Public Safety also makes it a practice to conduct crime prevention presentations to members of the community, groups, or divisions when a pattern of criminal or unusual activity is observed at or near a particular campus location. These various overlapping measures promote campus safety by providing a proactive strategy toward thwarting dangerous or threatening conditions that adversely impact the University community. To learn more about crime prevention, or to request a presentation or other literature, please call (202) 274-5050.

DAILY CRIME LOG

University Police respond to criminal incidents and non-criminal activity which occur on or immediately adjacent to the UDC campus and its satellite locations. Incident report numbers are assigned to all criminal and many non-criminal incidents investigated by, or reported to, UDC Police. All criminal incidents reported to University Police are recorded on the Daily Crime Log, which is updated each day, except for when the institution is closed. As a practice, non-criminal activity (on or near the campus) that is deemed significant (of potential interest to the community) is also recorded on the Daily Crime Log and is classified as an information report.

Daily Crime Log entries include the nature of the crime (offense classification) or non-criminal activity (information); the incident report number; date reported; date, time and location of occurrence; a brief description of the incident; and the disposition. According to federal law, an institution may temporarily withhold information from the Daily Crime Log in instances where disclosing the information could compromise the safety of an individual or an ongoing investigation; cause a suspect to flee or evade detection; or result in the destruction of evidence. The Daily Crime Log is open to public inspection, including parents and the media, and can be viewed upon request during normal business hours at the Emergency Communication Center located in the Administration Building (39), Room #C-04 or on the web at www.udc.edu/police.

TIMELY WARNINGS, CAMPUS SAFETY ALERTS & EMERGENCY NOTIFICATIONS

TIMELY WARNINGS

When conditions or circumstances warrant, Public Safety issues Campus Safety Alerts as timely warnings to caution the University community to reports of potentially dangerous or threatening situations, serious crime (as defined by the Clery Act and as assessed in the professional judgment of UDC Police), and other activity that poses a threat to persons or property. These timely warnings offer preventative safety and security precautions that arm the University community with information which enables them to protect themselves, while at the same time serving to prevent similar crimes or conditions.

CAMPUS SAFETY ALERTS

Campus Safety Alerts are sent by way of University-wide electronic mail (to all campus community members who have an active account) as well as on the UDC Website and "MYUDC" intranet. In some cases, and particularly in instances when a crime or condition occurs near the campus, other local, state and/or federal law enforcement authorities are engaged with University Police in a unified effort toward minimizing or removing crime and crime risks, as well as alerting the community.

Being prepared to rapidly disseminate accurate emergency information before, during, and after a disaster is critical in protecting life, mitigating casualties, and minimizing chaos. As such, UDC, in preparing for the unexpected, has partnered with the DC Emergency Management Agency (DCEMA)/Alert DC, to enhance the University's ability to communicate with its community. In the event our community requires immediate notification (school closings, Crime Alerts, terrorist attack, shelter-in-place, active shooter, traffic alerts, weather alerts, etc.), an emergency notification account, "University DC," has been established with Alert DC. This community emergency notification system, made possible through the District of Columbia Government, provides immediate text notification to email, cell phone, and other electronic devices to those accounts registered.

All members of the University Community are encouraged to sign-up immediately for this free public service. To sign-up, follow this link to the DCEMA/Alert DC site: alert.dc.gov (click on the "Alert DC" icon, "New User" then enter your personal information). NOTE: During the registration process, make sure you select "University of the DC" as your College/University. If you need assistance in logging on to this system, please contact the University Police for help.

EMERGENCY NOTIFICATIONS & EMERGENCY RESPONSE TEAM (ERT)

oversees and coordinates the University's response in the event of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff occurring on campus. The ERT includes critical representatives (the President, the Chief of Police and Director of Public Safety, the Vice President for Academic Affairs, the Vice President for Student Affairs, the Vice President of Human Resources, the Vice President for Facilities, Real Estate and Public Safety, the Vice President of University Relations and Public Affairs, the Managing Director of Finance, the Office of Government Affairs, the Office of the General Counsel and the Director of Athletics) of the UDC Community. ERT fulfills many operational functions during an emergency and is responsible for coordinating and managing the response in potential crisis situations.

Upon the confirmation of a campus emergency, the ERT will, without delay, and taking into account the safety of the University community, determine the content of notification and initiate the notification system to the appropriate segments of the University community, unless the notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. Emergency notifications to the campus community are sent by way of University-wide electronic mail (to all campus community members who have an active account), HD monitors located on campus (VNC), and also by way of Alert DC to those with registered accounts, as described above.

The University also tests its emergency response and evacuation procedures on at least an annual basis, where such tests may be announced or unannounced. The University documents for each test the relevant exercise, date and time, and whether the test was announced or unannounced. Further, the University publicizes its emergency response and evacuation procedures in conjunction with at least one test in a manner designed to reach students and staff.

SEXUAL ASSAULT

WHAT IS SEXUAL ASSAULT?

A sexual assault is about power, anger, and control. It is an act of violence and an attempt to degrade someone using sex as a weapon. Above all, sexual assault is a crime. Sexual assaults can happen to anyone: children or adults; students or employees; women or men; young or old; rich or poor. The assailants can be anyone: classmates; co-workers; a neighbor; delivery person; total strangers; an outgoing or shy person; and often a friend or a family member. If you or someone you know have been sexually assaulted, call the police or visit the following web address for an informational emergency resource guide provided by the DC Rape Crisis Center: http://mpdc.dc.gov (click on Victim Assistance under Services).

REPORTING SEXUAL ASSAULT

Victims of sexual assault have several options. Public Safety strongly encourages reporting incidents of sexual assault to the police. If you wish to report the assault (and in the interest of preserving evidence, should you choose to prosecute the criminal offense), it is best to report the crime right away and to have an examination to collect evidence. A sexual assault exam can be performed up to 96 hours after the assault. The statute of limitations within which a sexual assault survivor must report a complaint for prosecution by external law enforcement authorities varies among each jurisdiction in which the assault occurred. Sexual assault survivors should consult the relevant law enforcement authority or legal advocacy group for further information on the applicable statute of limitations.

After you call the police, several procedural steps are followed. In the District of Columbia, a uniformed police officer will take a brief statement from you. The officer will then call the MPD Sexual Assault Unit. These detectives are specially trained in this field. If you report a sexual assault to the police or if you go to Howard University Hospital, an operator will contact the DC Rape Crisis Center and a counselor or advocate will meet you at the hospital to provide information and support. Specially trained nurses called Sexual Assault Nurse Examiners (SANE) are available 24-hours per day at Howard University Hospital to provide medical attention and to collect evidence for court. The SANE examination at Howard University Hospital is free of charge. Howard University Hospital is located at 2041 Georgia Ave., N.W., Washington, DC. In the District of Columbia, the DC Rape Crisis Center can provide you with immediate, confidential and free services that will help you to explore all of your options.

If you do not wish to report the sexual assault to the authorities, you should still seek medical care for any injuries, possible pregnancy, sexually transmitted diseases (STDs), physical evidence, or possible side effects associated with a drug-induced sexual assault. Even if you do not wish to report the sexual assault, the DC Rape Crisis Center has counselors and advocates who provide supportive services to survivors, assisting them in understanding the criminal justice system (reporting, prosecution and court proceedings). Call the 24 Hour DC Rape Crisis HOTLINE at 202-333-RAPE (7273) for counseling and referrals to the hospitals nearest you.

Complaints received against UDC employees are forwarded to the Office of Human Resources and the Office of General Counsel (as applicable) for resolution pursuant to the University's procedures. University employees are referred to the Office of Human Resources for information regarding institutional and municipal policies and regulations governing employees.

REPORTING – UDC POLICE & OTHER LAW ENFORCEMENT

A sexual assault survivor can choose whether or not to report the assault to authorities and to what degree to pursue the matter once reported. However, upon learning of a sexual

assault, University Police are legally obligated to notify the MPD and the D.C. Sexual Assault Unit, or the police department in the jurisdiction where the assault occurred. Upon being contacted, University Police remain available to ensure appropriate assistance is initiated, to include contacting the necessary law enforcement authorities and emergency response caregivers.

REPORTING – STUDENT AFFAIRS & THE STUDENT JUDICIAL SYSTEM

The University recognizes the Office of the Vice President for Student Affairs located in the Administration Building (39), Room #301-I and the Office of Human Resources located in the Administrative Building (39), 2nd Floor as resources for reporting crime and for accepting student victim complaints against student assailants. Personnel from either of these offices will assist student victims in notifying appropriate law enforcement authorities, if the student chooses. As a matter of policy, if the offender is affiliated with the University, the appropriate office (Provost, Student Affairs or Human Resources) is notified.

Complaints against student assailants are forwarded to the Office of the Vice President for Student Affairs for adjudication by the Student Judicial System. Students found to be in violation of the Code of Student Conduct will be subject to University sanctions in addition to any penalties imposed by external law enforcement authorities. Sanctions imposed by the Student Judicial System range from disciplinary reprimand and disciplinary probation to suspension or expulsion. Complaints are investigated and handled in a just manner that takes into consideration the rights of the accused, the rights of the complainant, and the safety and needs of the University community pending investigation. When appropriate, student offenders may be subject to interim suspension (upon receipt of a complaint) in the interest of protecting the safety or health of any person.

The complainant and the accused are each entitled to the same opportunities to have others present during a campus disciplinary proceeding. Further, both the complainant (upon written request) and the accused shall be informed of the final determination and sanction imposed by the University resulting from a sex offense; such notification does not violate FERPA.

A student found guilty of violating the University policy committing a sex offense could be criminally prosecuted in the local or State court system and may be suspended or expelled from the University for the First Offense. Student victims have the option to change their academic and/or living situations after an alleged sexual assault, if such changes are reasonably available.

EDUCATION AND AWARENESS PROGRAMS

Upon request, Public Safety provides education programs, including access to Rape Aggression Defense (RAD), to promote awareness of rape, acquaintance rape, and other forcible and non-forcible sex offenses.

WHAT SHOULD I DO IF I AM SEXUALLY ASSAULTED ?

Whatever choices a victim makes for reporting an incident, it is important that he or she take the following actions, which will significantly aid in the successful criminal prosecution of the responsible party: (a) seek immediate medical assistance (within 24 hours of the assault) and get counseling as soon as possible; (b) preserve physical evidence (such as clothing and bed coverings); (c) do not douche, bathe, shower, brush your teeth, wash your hands, eat or drink anything, smoke, or change clothes before seeking medical treatment; and (d) report the sexual assault to authorities. If you or someone you know has been sexually assaulted, you are encouraged to contact any of the following offices for victim support and assistance:

UDC Police: If you are a victim of a rape or sexual assault, when you contact UDC Police at (202) 274-5050 assistance is initiated, to include contacting appropriate law enforcement entities and emergency response caregivers if you so choose.

University Health Services: Professional staff provides free and confidential clinical services to students, staff, and official guests for all emergencies and incidents occurring on campus. You may call ahead for an appointment or you may walk-in. Health Services professionals can facilitate appropriate referral and resources, and will offer guidance and support in identifying appropriate services available through the DC Department of Health, or a location near the area in which you live.
