## MESSAGE FROM THE OFFICE OF PUBLIC SAFETY

The Office of Public Safety remains *United, Driven, and Committed* to ensuring a safe and healthy academic community where students, faculty, staff and guests can take full advantage of opportunities offered by the University. Public Safety provides our campus and satellite locations with law enforcement services 24 hours a day, 7 days a week: campus policing, bike patrol, crime prevention, and parking services. We also provide these services to our off-site campuses and satellite locations during operational hours or as needed.

A safe and secure environment requires dedication and commitment from all segments of the campus community. This is achieved in part through crime prevention, which is the responsibility of everyone. Through this partnership, we can and will continue to reduce environmental hazards and risks, crime and the fear of crime and disorder in our community. In wake of recent tragedies associated with academic communities, it is vitally important for everyone to be cognizant of their surroundings and immediately report suspicious activities.

Information provided in this annual brochure is intended to inform, advise and alert the campus community of current public safety programs, policies and procedures related to crime awareness and reporting procedures here at the University of the District of Columbia. Please take time to familiarize yourself with the resources available to you as we continue to develop our sustained partnership

On behalf of our Department, we thank you in advance for your continuous support and efforts toward building enhanced communication and partnerships, while making the University of the District of Columbia among the safest campuses in the country.

### UNIVERSITY SNAPSHOT

The University of the District of Columbia is a medium-size public institution, comprised of a Flagship institution, the newly established Community College, and the David A. Clarke School of Law. The nine (9) acre main campus has eleven (11) buildings, totaling 1,228,981 gross square feet, conveniently situated within walking distance of each other and is commonly referred to as a pedestrian campus. Largely recognized as a commuter campus, the University does not have on-campus residential facilities for the purpose of housing students. The University community consists of approximately 6,000 students and 1,200 faculty and staff. The University has two facilities located off campus: Aerospace Technology Facility at Reagan Washington National Airport (Washington, DC) and Agricultural Experiment Station (Muirkirk Research Farm) located in Beltsville, MD. In addition, the University offers academic, cooperative extension and workforce development courses at its satellite locations: PR Harris Educational Center, McKinley Tech, Friendship Edison, The Stables Building, and Fletcher Johnson (formally H.D. Woodson High School), in Washington, DC.

## COMPLYING WITH FEDERAL REPORTING REQUIREMENTS

### CLERY ACT

This federal law is applicable to public and private institutions of higher education that participate in federal student financial aid programs (under Title IV of the Higher Education Act of 1965), and is enforced by the U.S.

Department of Education (ED). Under federal mandate, this Act requires institutions to disclose certain information about campus safety policies and procedures to current and prospective students and employees, and to provide statistical information concerning certain crimes that occur on and near their campus. Other information mandated by this Act include statements about campus law enforcement policies, campus security education and prevention programs, alcohol and drug policies, sexual assault education and prevention programs, procedures for reporting sexual assaults, and procedures for handling reports of sexual assault. The Act has undergone several legislative amendments since its inception, primarily resulting in expanded reporting requirements.

## ABOUT THIS PUBLICATION

In accordance with the 1990 Crime Awareness and Campus Security Act, Public Safety is responsible for preparing and publishing an annual security report by October 1 of each year, for the purpose of disclosing and disseminating certain information regarding campus crime statistics, security policies and campus law enforcement. In compliance with this federal law, Public Safety makes public this information by way of the Annual Security Report. The publication is made available to current and prospective students and employees, and is disseminated via the University's website at <http://www.udc.edu/ps> (*click on publications*). Limited hard copies are available at the Public Safety Customer Service Center, located in the Administration Building (39) Room #A01. The crime statistics for the University of the District of Columbia, contained in this report, are submitted to the U.S. Department of Education (ED) through a web-based data collection system and can be viewed at the following web address: <http://www.ope.ed.gov/security>.

## ABOUT THE CLERY ACT

The issue of campus safety is a vital concern. The Clery Act, originally known as the "Crime Awareness and Campus Security Act of 1990", is named in memory of Jeanne Ann Clery, a 19 year-old freshman who was raped and murdered at Lehigh University, while asleep in her residence hall room on April 5, 1986. The intention of the Clery Act legislation (renamed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in 1998) is to provide students and their families with accurate, complete and timely information about safety on campus.

This federal law is applicable to public and private institutions of higher education that participate in federal student financial aid programs (under Title IV of the Higher Education Act of 1965), and is enforced by the U.S. Department of Education (ED). Under federal mandate, this Act requires institutions to disclose certain information about campus safety policies and procedures to current and prospective students and employees, and to provide statistical information concerning certain crimes that occur on and near their campus. Other information mandated by this Act include statements about campus law enforcement policies, campus security education and prevention programs, alcohol and drug policies, sexual assault education and prevention programs, procedures for reporting sexual assaults, and procedures for handling reports of sexual assault. The Act has undergone several legislative amendments since its inception, primarily resulting in expanded reporting requirements.

## Prominent Reporting Requirements Mandated by the Clery Act

Publication and dissemination of an annual security report made available to prospective students and employees and distributed to current students and employees.

Disclosure of specified campus safety and security policies and practices.

Providing three years worth of selected crime statistics  
(a) in accordance with the Federal Bureau of Investigation's Uniform Crime Reporting program, and (b) submitting the crime statistics to the U.S. Dept. of Education (ED) for inclusion in a database that will be distributed to the public on the ED web site.

Maintaining a public crime log (of all crimes reported to the department); the log must be open to the general public (including parents and the news media).

Making timely warnings to the community about crimes that pose an ongoing danger to students and employees on campus.

## CAMPUS SEX CRIMES PREVENTION ACT (CSCP)

The Campus Sex Crimes Prevention Act (Section 1601 of Public Law 106-386) was enacted in October of 2000. This particular Act provides for the tracking of convicted registered sex offenders who are enrolled as students at institutions of higher education, or working or volunteering on campus. The Act mandates that state procedures ensure that sex offender, or offender registration information, is promptly made available to law enforcement agencies with jurisdiction where the institution of higher education is located, and that the information is entered into appropriate state records or data systems.

## SEX OFFENDER REGISTRY

The Metropolitan Police Department (MPD) has an established sex offender registration program for the District of Columbia making sex offender information available to the public. If you would like further information, please contact the MPD – Sex Offender Registry Unit, at 300 Indiana Avenue, N.W., Washington, D.C. 20001, or call (202) 727-4407. The public may view the entire sex offender registry by visiting one of the Police Districts, the Sex Offender Registry Unit, or by viewing the following web address: <http://mpdc.dc.gov> (click on Sex Offender Crime Registry under Services).

## “SUZANNE’S LAW”

Signed into law by President George W. Bush as part of the national “Amber Alert” bill, this federal law requires law enforcement to notify the National Crime Information Center (NCIC) any time a person under age 21 is reported missing. Previously, police were only required to report missing persons under the age of 18. The law is named after Suzanne Lyall, a 19 year-old University of New York at Albany student who went missing in 1998. The law is intended to impel police to initiate prompt investigations of young persons who have gone missing. The Office of Public Safety at the University of the District of Columbia complies with this law.

MPD publishes a Missing Persons Guide that provides instruction on immediate actions to be taken for missing persons. There is no time period for reporting a person missing in the District of Columbia. To view the MPD Missing Persons Guide, go to <http://mpdc.dc.gov> (click on Crime Solvers under Services).

## WHO WE ARE & WHAT WE DO

Public Safety consists of professionally trained sworn police supervisors and officers, communication specialists, and parking personnel. Public Safety has primary oversight for University Police and Parking Operations. Police operations comprise the largest component of the Department, with a vast array of duties ranging from investigating complaints, to staffing special events, vehicular and traffic control. Police operations consist of three overlapping shifts, with individual command personnel who remain available to provide immediate response and direction for critical or environmental hazards or emergencies. Public Safety and Environmental Health and Safety personnel respond to and investigate all calls for service received by the Department, whether criminal or non-criminal in nature, and both on and near the campus. The University Police division is operational 24 hours per day, 7 days per week, year round, and Police Communication is staffed at all times.

## HOW WE DO IT

The Public Safety team strives to maintain positive and meaningful communications through sound partnerships with other District and local emergency response agencies. University Police partners with a host of agencies ranging from the District's Consortium of Universities, to various other local, state, and federal law enforcement agencies; we rely on these various entities for mutual support. Through these alliances, training opportunities, information sharing and other types of assistance are rendered. University Police sustain an exceptional partnership with MPD. When information is received regarding criminal activity involving a member of the University community, occurring on or near university properties, University Police will actively investigate and collaborate with MPD. Accordingly, MPD routinely communicates with University Police on serious incidents occurring on or near the campus, and in particular, those incidents involving University students or staff; likewise, University Police notifies MPD on major offenses reported to University Police. Currently, UDC is the only university in the city with the capability to exchange radio communication on demand, in real time, with local and regional law enforcement, fire/EMS, and emergency management agencies.

Finally, as a member of the District's Consortium of Universities, University Police administrators support the MPD's Joint Operations Command Center (JOCC). Through this commitment, UDC police administrators, on a rotational on-call basis, are called upon to staff the JOCC in the event of a District-wide emergency. This type of interagency collaboration personifies the commitment of the numerous emergency response agencies that service the District of Columbia community, of which University Police is proud to be an active participant.

## AUTHORITY & JURISDICTION

University Police are appointed as Special Police Officers (SPO), pursuant to the provisions of D.C. Code §§ 5-129.02, 5-101.03. University SPOs are regulated pursuant to the College and University Campus Security Amendment Act of 1995 (Title 6A of DCMR, Chapter 12). University Police Officers are armed and have the authority as law enforcement officers to arrest without a warrant for offenses committed within their jurisdiction, which extends to those buildings and properties owned or controlled by the University of the District of Columbia. While MPD has primary jurisdiction and authority in all areas off campus, University Police respond to student and staff related incidents that occur at or immediately adjacent to the Van Ness Campus and satellite locations. With respect to properties associated with the University located outside of the District, Public Safety responds as representatives of the University, and the jurisdiction's local law enforcement retains primary authority.

## COMMENDING OFFICERS & PROCEDURES FOR FILING COMPLAINTS OF MISCONDUCT

Consistent with our core values of being United, Driven, and Committed to providing quality customer service, it is our goal that your encounters with members of our department exemplify quality caring service, as demonstrated through our actions and words.

Acknowledgement of a member of the Department for service rendered during the performance of his/her duties, may be done by contacting the Office of the Vice President for Human Resources at (202) 274-5148, or the Captain at (202) 274-6132. Please be prepared to provide the member's name, the type of service rendered, and the date and approximate time that the action occurred. The Department member will be recognized, and a copy of the commendation will become a permanent part of their personnel folder.

**Allegations of Misconduct** with regard to a University employee, including the conduct of a member of this Department, are addressed through an established formal complaint procedure. In accordance with applicable District of Columbia laws and regulations, this formal process provides for corrective action (as appropriate) while at the same time protecting employees from unwarranted criticism when duties are properly performed. In general, the process involves reporting the alleged misconduct to the **Vice President of Human Resources located in the Administration Building (39), Room #301 (202-274-5020)**. The Office of Human Resources has immediate authority and oversight for investigating complaints. You may also contact the **University Police Captain located in the Administration Building (39), Room #A01 (202-274-6132)**. The Office of Public Safety will respond and collaborate with the Office of Human Resources on complaints regarding any misconduct. However, it is the responsibility of the Office of Human Resources to pursue complaints and assure that resolution is achieved. Complaints are investigated and handled in a just manner that takes into consideration the rights of the complainant and the accused, as well as the safety and needs of the University community pending the investigation.

## CAMPUS SAFETY & SECURITY

**Campus Escort:** If you must travel alone, a walking escort is available to University students, faculty, staff and guests, to and from campus buildings or parking facilities. To request a walking escort, contact **University Police at (202) 274-5050**.

**Facilities Access:** Access to University owned and controlled buildings and grounds is a privilege that is extended to students, faculty, staff, and guests. By the very nature of its location, landscape design, and exterior perimeter boundaries, the University promotes an open and welcoming environment. However, the University reserves the right to apply appropriate limitations (as needed) in order to ensure the safety and well being of our community. Except for times when the University is officially closed, most campus facilities are open during the time when classes are in session or by special arrangement. Authorization for use of campus facilities and premises must be obtained in advance through the **Office of Space Reservation at (202) 274-5576**.

UDC implemented a campus-wide electronic access control system, which affords University Police the ability to assess, monitor and track access throughout the University, thus providing for a safer environment. As a matter of security, University Police encourage authorized staff who are working in their offices outside of normal business hours, or during times when the University is officially closed, to contact Police Communications at (202) 274-5050 upon entering and leaving the campus. In accordance with existing policy, employees must obtain prior approval when requesting access to facilities during times when the University is officially closed. To obtain additional information, please contact the University Police Captain at (202) 274-6132.

**Facilities Maintenance:** The Office of Campus Services provides power plant operations and maintenance for buildings and grounds located on the Van Ness Campus. Other facility maintenance conditions addressed by this division include electrical and mechanical services, exterior lighting and landscape control, elevator and escalator repair, among others. Unsafe facility conditions such as exterior lighting; inoperable locking hardware; thick or full shrubbery; unsafe steps, handrails, or walkways; and other potentially hazardous facility conditions should be reported immediately to the Office of Campus Services, located in the Student Services Building (38), Room #C01, (202) 274-5865, during normal business hours. University Police are available to receive after-hour complaints for those conditions or situations posing an immediate danger or risk.

**Emergency Preparedness & Response:** UDC is committed to providing a safe and environmentally-conscious campus for its students, faculty and staff, and for the local community. As part of this commitment, the Office of Emergency Management has developed The Environmental Management Plan and The Emergency Action Guide. The Emergency Management Plan outlines laws and regulations associated with the management of hazardous materials and waste. The Emergency Action Guide is a condensed version of the District's Manual, which provides an emergency management framework for institutional preparation in response to major on-campus emergencies that may threaten the health and safety of the University community or disrupt its programs and operations. Both The Emergency Management Plan and The Emergency Action Guide are evolving documents, designed for updates as circumstances and conditions change. These documents can be viewed online by visiting UDC's website at [www.udc.edu/ps](http://www.udc.edu/ps) (click on Publications).

The Code of Student Conduct is available for review at the following University locations: Division of Student Affairs, Student Government offices, Dean's offices and the Learning Resource Center. **For additional information, or to obtain a copy of the Code of Student Conduct, contact the Office of the Vice President for Student Affairs at (202)274-5210, located in the Administration Building (39), Room #301-I.** Note that the Student Code of Conduct is subject to revision by the University, and the most updated version may be found on the University's website or in the Office of the Vice President for Student Affairs.

## UNIVERSITY POLICY STATEMENTS

### DRUG & ALCOHOL ABUSE POLICY

The unlawful possession, use, distribution, sale or manufacture of any controlled substance and alcoholic beverages by employees or students on University property, in University vehicles, at any worksite or location at which University duties are being performed, or as part of any University activities is prohibited. Federal and District of Columbia laws prohibit the unlawful use, manufacture, possession, control, sale and dispensation of any illegal narcotics, dangerous drugs, or alcohol. The health risks associated with the use of illicit drugs and alcohol abuse include physical and mental impairment, emotional and psychological deterioration, fine and gross motor degeneration, and death. Employees or students who unlawfully possess, use, or distribute illicit drugs or alcohol, or who report to work or class under the influence of illegal drugs or alcohol shall be sanctioned.

The UDC Employee Assistance Program (EAP) provides confidential counseling and referral services to employees with problems related to drug use and alcohol abuse. Employees seeking information or assistance related to drug or alcohol abuse may contact the EAP located in the Office of Human Resources at (202) 274-5020. Students who desire information regarding substance abuse or treatment programs should contact the Counseling and Career Development Center at (202) 274-6000.

### RIGHT TO KNOW

#### Complaint Procedures, Penalties & Sanctions

All community members of the University of the District of Columbia are expected to demonstrate due diligence, care and support, in preserving and upholding all institutional, local, state, and federal laws. Students and employees are subject not only to prosecution under applicable local, state or federal laws, but also any disciplinary action imposed by the University in addition to penalties imposed by external law enforcement entities. University community members found to be in violation of institutional policies through the procedures and systems prescribed in the University's policy statements and other regulatory standards are subject to sanctions, up to and including suspension, expulsion or termination, as applicable. In cases of action by civil authorities, the University reserves the right to proceed with disciplinary action even if criminal proceedings are pending. The outcome of a disciplinary action will not be subject to challenge because criminal charges involving the same incident were dismissed or reduced.

Complaints received against students are forwarded to the Office of the Vice President for Student Affairs for resolution within the Student Judicial System. A complete outline of student policies, regulations and disciplinary sanctions, the Student Code of Conduct, may be found in the Student Handbook. Copies of the Student Handbook are available at the Office of the Vice President for Student Affairs.

### SEXUAL HARASSMENT POLICY

UDC is committed to providing a work and academic environment that encourages intellectual and academic excellence and promotes the emotional well being of its students, faculty and staff. Sexual harassment is inconsistent with this objective and contrary to the University's policy of equal employment and academic opportunity. Any actions or behaviors (inconsistent with our Sexual Harassment or Equal Opportunity Policies) that create an intimidating, threatening or hostile environment which interfere with an individual's work or academic environment are serious offenses prohibited by University policy as well as District and federal laws.

The University's policy on sexual harassment is designed to address and resolve complaints, support complainants, protect confidentiality and preclude retaliation against complainants and those who cooperate with an investigation. All members of the University community should assume the responsibility to see that the University is free from all forms of harassment and that any harassment is properly reported. Obviously, the University cannot take action to punish and deter harassment if it is not aware that it has occurred.

Employees who become aware of, believe they have witnessed, or are the recipients of this type of behavior have a responsibility to report such incidents immediately to a supervisor (or a manager) and to **the Office of Human Resources, Student Services Building (38), Room #301, or by calling (202) 274-5020**. If you are a student and believe you are being harassed by another student, immediately report it to a faculty member and the Assistant Vice President for Student Affairs or 274-5974. If you are a student and believe you are being harassed by someone who is not a student, immediately report it to the Vice President for Student Affairs and to the Office of Human Resources. For additional information concerning sexual harassment, see Sexual Assault Resources (*See page #18*).

## **EQUAL EMPLOYMENT OPPORTUNITY & AFFIRMATIVE ACTION**

UDC actively subscribes to a policy of equal opportunity in education and employment and will not discriminate against any person in recruitment, examination, training, promotion, retention, discipline or any other aspect of employment and education administration because of race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, gender identity or expression, familial status, family responsibilities, matriculation, political affiliation, genetic information, disability, source of income, or place of residence or business.

## **WEAPONS: UNAUTHORIZED USE AND POSSESSION**

Unauthorized possession or use of a firearm or explosive device (of any description), and anything used to threaten or harm, including, but not limited to: fireworks, compressed air guns, pellet guns, BB guns, paint guns and water guns, is prohibited.

## **REPORTING CRIME AND COLLECTING CRIME DATA**

The Office of Public Safety prepared this report in cooperation with those local law enforcement agencies responsible for municipal oversight of our main campus and satellite locations. Campus crime, arrests, and referral statistics include those reported to University Police, law enforcement agencies and "campus security authorities," as defined by the Clery Act. The University is obligated, pursuant to the Clery Act, to disclose crime statistics<sup>1</sup> reported to University police, local police and non-law enforcement entities that may be recognized as "campus security authorities."

**Public Safety encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Since police reports are public records under state law, University Police cannot hold reports of crime in confidence. Public Safety also encourages non-law enforcement individuals to whom crime is reported to inform the victim of procedures for reporting crimes. Crimes should be reported to University Police to ensure appropriate police action and inclusion in the compilation of annual crime statistics, which aid in providing timely warnings of specific crimes to the University community.**

For offenses occurring on campus, University Police are the best line of contact because they are most often the first responders to the scene. When you contact University Police at (202) 274-5050, an officer(s) will be dispatched to the location of the incident. University Police simultaneously initiate an emergency response from other agencies as needed, or as required.

**For direct access to municipal emergency response services (police, fire, ambulance), dial 911 (9 + 911 from any University telephone).**

**Should you become a victim of a crime, or witness a crime, use the following information to immediately contact **UNIVERSITY POLICE**:**

**ON CAMPUS: 274-5050** (within the District of Columbia)

**OFF CAMPUS: (202) 274-5050** (or outside the District of Columbia)

**IN PERSON:** Police Communications – Administration Building (39), Room #A-13 (staffed 24 hours per day, 7 days per week, year round).

**EMERGENCY CALL BOXES:** Two-way communication call boxes are strategically located throughout the campus and allow for direct two-way communication with the UDC Police Communications Center. When emergency call stations are activated, the location from where the call is made is displayed in UDC Police Communications and an officer is immediately dispatched. Call boxes are easily identifiable (yellow in color), and are equipped with a blue strobe light that pulses upon activation. Please become familiar with the location of these various call boxes as you traverse the campus. *(See page # 18 for complete listing of emergency call boxes)*

***University Police and Environmental Health and Safety personnel respond and investigate all calls for service received by the Department, whether criminal or noncriminal in nature, on and near the campus.***

With the exception of those individuals exempted from disclosing offenses reported to them (e.g., pastoral and professional counselors acting in the role of pastoral or professional counselors), members of the University community are strongly encouraged to report any allegations of campus crimes to the appropriate law enforcement personnel (University or local police). The University also recognizes the Office of the Vice President for Student Affairs, located in the Administration Building (39), Room #301-I, and the Office of the Vice President for Human Resources, located in the Student Services Building (38), Room #301, as resources for reporting crime and for accepting student victim complaints against student assailants. Personnel from either of these offices will assist student victims in notifying appropriate law enforcement authorities, if the student so chooses.

<sup>1</sup>For purposes of the Clery Act, the subject offenses include: murder; sex offenses, forcible or non-forcible; robbery; aggravated assault; burglary; motor vehicle theft; manslaughter; arson; and arrests or persons referred for campus disciplinary action for liquor law violations, drug-related violations, and weapons possession. Clery offenses also include: murder; sex offenses, forcible or non-forcible; robbery; aggravated assault; burglary; motor vehicle theft; manslaughter; arson; larceny-theft, simple assault, intimidation, and destruction, damage, or vandalism of property, and of other crimes involving bodily injury to any person, in which the victim is intentionally selected because of the actual or perceived race, gender, religion, sexual orientation, ethnicity, or disability of the victim that are reported to campus security authorities or local police agencies, which data shall be collected and reported

Public Safety acknowledges that there are several non-law enforcement individuals (including, but not limited to, Deans, Directors, and Department heads) who, by their significant roles or responsibilities, may reasonably be identified by students and employees as “officials” or “campus security authorities” to whom crime should be reported. These individuals are not responsible for determining whether or not a crime has been committed; however, they are required to report such statements to Public Safety for inclusion in the University’s Annual Security Report. University and local police stand ready in this function, examining any information supplied by these individuals. For reporting purposes, Public Safety relies on the aforementioned recognized campus security authorities to convey information, enabling the University to report crime accurately and to respond as necessary to incidents occurring on and near our campus.

**Confidential Reporting** - If you are the victim of a crime and do not want to pursue University or criminal intervention, you are still encouraged to make a confidential report. With your permission, University Police can file a report on the details of the incident without revealing your identity. Confidential reporting allows University Police to take steps to ensure the safety of yourself and others while complying with your wish to remain anonymous.

## **CRIME AWARENESS AND CRIME PREVENTION EDUCATION**

Using a multi-layered approach, Public Safety provides services and employs strategies that maximize crime and safety awareness while at the same time encouraging community members to take responsibility for their personal safety and the safety of others.

Throughout the academic year, Public Safety members conduct crime prevention and education presentations, distribute preventative and informational literature, and deliver safety and security programs to new and returning students, faculty, staff and guests. UDC Police and Environmental Health and Safety administrators participate in student orientations held at the beginning of each academic semester, as well as various other programs and functions sponsored by the University, for the purpose of providing information concerning crime awareness, campus safety, and other public safety initiatives. Public Safety also makes it a practice to conduct crime prevention presentations to members of the community, groups, or divisions when a pattern of criminal or unusual activity is observed at or near a particular campus location. These various overlapping measures promote campus safety by providing a proactive strategy toward thwarting dangerous or threatening conditions that adversely impact the University community. To learn more about crime prevention, or to request a presentation or other literature, please call (202) 274-6132.

## **DAILY CRIME LOG**

University Police respond to criminal incidents and non-criminal activity which occur on or immediately adjacent to the UDC campus and its satellite locations. Incident report numbers are assigned to all criminal and many non-criminal incidents investigated by, or reported to, University Police. All criminal incidents reported to University Police are recorded on the Daily Crime Log, which is updated each day, except for when the institution is closed. As a practice, non-criminal activity (on or near the campus) that is deemed significant (of potential interest to the community) is also recorded on the Daily Crime Log and is classified as an information report. Daily Crime Log entries include the nature of the crime (offense classification) or non-criminal activity (information); the incident report number; date reported; date, time and location of occurrence; a brief description of the incident; and the disposition. According to federal law, an institution may temporarily withhold information from the Daily Crime Log in instances where disclosing the information could compro-

mise the confidentiality of the victim, the safety of an individual, or an ongoing investigation. The Daily Crime Log is open to public inspection, including parents and the media, and can be viewed upon request during normal business hours at the Police Communications Center, located in the Administration Building (39), Room #A01 or on the web at [www.udc.edu/ps](http://www.udc.edu/ps).

## **TIMELY WARNINGS – CAMPUS SAFETY ALERTS**

When conditions or circumstances warrant, Public Safety issues Campus Safety Alerts as timely warnings to caution the University community to potentially dangerous or threatening situations, serious crime, and other activity that poses a threat to persons or property. These timely warnings offer preventative safety and security precautions that arm the University community with information which enables them to protect themselves, while at the same time serving to prevent similar crimes or conditions. Campus Safety Alerts are sent by way of University-wide electronic mail (to all campus community members who have an active account), newsletters, posters and flyers. In an attempt to reach as many community members as possible, Public Safety requests that members of the University community assist with posting Campus Safety Alerts throughout the campus in conspicuous locations. In some cases, and particularly in instances when a crime or condition occurs near the campus, other local, state and/or federal law enforcement authorities are engaged with University Police in a unified effort toward minimizing or removing crime and crime risks, as well as alerting the community.

Being prepared to rapidly disseminate accurate emergency information before, during, and after a disaster is critical in protecting life, mitigating casualties, and minimizing chaos. As such, UDC, in preparedness for the unexpected, has partnered with the DC Emergency Management Agency (DCEMA)/Alert DC, to enhance the University's ability to communicate with its community. In the event our community requires immediate notification (school closings, Crime Alerts, terrorist attack, shelter-in-place, active shooter, etc), an emergency notification account, "University DC," has been established with Alert DC. This community emergency notification system, made possible through the District of Columbia Government, provides immediate text notification to email, cell phone, and other electronic devices to those accounts registered.

All members of the University Community are encouraged to sign-up immediately for this free public service. To sign-up, follow this link to the DCEMA/Alert DC site: [alert.dc.gov](http://alert.dc.gov) (click on the "Alert DC" icon, "New User" then enter your personal information). *NOTE: During the registration process, make sure you select "University of the DC" as your College/University.*

## **SEXUAL ASSAULT**

### **WHAT IS SEXUAL ASSAULT?**

A sexual assault is about power, anger, and control. It is an act of violence and an attempt to degrade someone using sex as a weapon. Above all, sexual assault is a crime. Sexual assaults can happen to anyone: children or adults; students or employees; women or men; young or old; rich or poor. The assailants can be anyone: classmates; co-workers; a neighbor; delivery person; total strangers; an outgoing or shy person; and often a friend or a family member. If you or someone you know have been sexually assaulted, call the police or visit the following web address for an informational emergency resource guide provided by the DC Rape Crisis Center: <http://mpdc.dc.gov> (click on Victim Assistance under Services).

Complaints received against employees are forwarded to the Office of Human Resources and the Office of General Counsel (as applicable) for resolution pursuant to the University's procedures. University employees are referred to the Office of Human Resources for information regarding institutional and municipal policies and regulations governing employees.

## **REPORTING SEXUAL ASSAULT**

Victims of sexual assault have several options. Public Safety strongly encourages reporting incidents of sexual assault to the police. If you wish to report the assault (and in the interest of preserving evidence, should you choose to prosecute the criminal offense), it is best to report the crime right away and to have an examination to collect evidence. A sexual assault exam can be performed up to 96 hours after the assault; however, you can report the assault at anytime up to seven years after its occurrence.

After you call the police, several procedural steps are followed. In the District of Columbia, a uniformed police officer will take a brief statement from you. The officer will then call the MPD Sexual Assault Unit. These detectives are specially trained in this field. If you report a sexual assault to the police or if you go to Howard University Hospital, an operator will contact the DC Rape Crisis Center and a counselor or advocate will meet you at the hospital to provide information and support. Specially trained nurses called Sexual Assault Nurse Examiners (SANE) are available 24-hours per day at Howard University Hospital to provide medical attention and to collect evidence for court. The SANE examination at Howard University Hospital is free of charge. Howard University Hospital is located at 2041 Georgia Ave., N.W., Washington, DC. In the District of Columbia, the DC Rape Crisis Center can provide you with immediate, confidential and free services that will help you to explore all of your options. If you do not wish to report the sexual assault to the authorities, you should still seek medical care for any injuries, possible pregnancy, sexually transmitted diseases (STDs), physical evidence, or possible side effects associated with a drug-induced sexual assault. Even if you do not wish to report the sexual assault, the DC Rape Crisis Center has counselors and advocates who provide supportive services to survivors, assisting them in understanding the criminal justice system (reporting, prosecution and court proceedings). Call the 24 Hour DC Rape Crisis HOTLINE at 202-333-RAPE (7273) for counseling and referrals to the hospitals nearest you.

## **REPORTING – UNIVERSITY POLICE & OTHER LAW ENFORCEMENT**

A sexual assault survivor can choose whether or not to report the assault to authorities and to what degree to pursue the matter once reported. However, upon learning of a sexual assault, University Police are legally obligated to notify the MPD and the D.C. Sexual Assault Unit, or the police department in the jurisdiction where the assault occurred. Upon being contacted, University Police remain available to ensure appropriate assistance is initiated, to include contacting the necessary law enforcement authorities and emergency response caregivers.

## **REPORTING – STUDENT AFFAIRS & THE STUDENT JUDICIAL SYSTEM**

Student victim complaints against student assailants are forwarded to the Office of the Vice President for Student Affairs for adjudication by the Student Judicial System. Students found to be in violation of the Code of Student Conduct will be subject to University sanctions in addition to any penalties imposed by external law enforcement authorities. Sanctions imposed by the Student Judicial System range from disciplinary reprimand and disciplinary probation to suspension or expulsion. Complaints are investigated and handled in a just manner that takes into consideration the rights of the accused, the rights of the complainant, and the safety and needs of the University community pending investigation. When appropriate, student offenders may be subject to interim suspension (upon receipt of a complaint) in the interest of protecting the safety or health of any person.

The complainant and the accused are each entitled to the same opportunities to have others present during a campus disciplinary proceeding. Further, both the complainant and the accused shall be informed of the final determination and sanction imposed by the University resulting from a sex offense. Compliance with the prior sentence will not violate FERPA.

A student found guilty of violating the University policy for committing a sex offense could be criminally prosecuted in the local or State court system and may be suspended or expelled from the University for the first offense. Student victims have the option to change their academic and/or living situations after an alleged sexual assault, if such changes are reasonably available.

Nevertheless, through fervent partnership with our community, and through preventative education and awareness, we can minimize, and in some instances, even remove the opportunities associated with the occurrence of crime. We encourage students, faculty, staff, and guests to report all suspicious or unusual activity to University Police immediately. Please support the efforts of the public safety team by taking an active interest and role in your personal safety and the safety of others.
