Message from the Vice President for Public Safety & Emergency Management

The Department of Public Safety & Emergency Management (DPSEM) remains *United, Driven, and Committed* to ensuring a safe and healthy academic community where students, faculty, staff and guests can take full advantage of opportunities offered by the University. The Department of Public Safety & Emergency Management is a professional multi-service agency providing our campus with law enforcement, campus policing, bike patrol, crime prevention, parking services and environmental health and emergency services on campus 24 hours a day, 7 days a week. We also provide these services to our off-site campuses and satellite locations during operational hours or as needed.

A safe and secure environment requires dedication and commitment from all segments of the campus community. This is achieved in part through crime prevention which is the responsibility of everyone. Through this partnership, we can and will continue to reduce environmental hazards and risks, crime and the fear of crime and disorder in our community. In wake of recent tragedies associated with academic communities, it is vitally important for everyone to be cognizant of their surrounding and immediately report suspicious activities.

The University, in preparation for the unexpected, has enhanced its ability to provide mass communication to the community. Should an incident occur on campus requiring immediate notification to our community, an emergency notification account, "University DC", has been established with Alert DC. This community emergency notification system provides immediate text notification to email, cell phone and other electronic devices. All members of the University Community are encouraged to sign-up immediately for this free public service.

Information provided in this annual brochure is intended to inform, advise and alert the campus community of current public safety programs, policies and procedures related to crime awareness and reporting procedures here at the University of the District of Columbia. Please take time to familiarize yourself with the resources available to you as we continue to develop our sustained partnership.

On behalf of our Department, I thank you in advance for your continuous support and efforts toward building enhanced communication and partnerships while making the University of the District of Columbia among the safest campuses in the country.

Believing for the best,

Robert T. Robinson,

Vice President & Chief of Police Department of Public Safety & Emergency Management

About the Publication

In accordance with the 1990 Crime Awareness and Campus Security Act, DPSEM is responsible for preparing, publishing and distributing an annual security report by October 1 of each year, for the purpose of disclosing and disseminating certain information regarding campus crime statistics, security policies and campus law enforcement. In compliance with this federal law, DPSEM makes public this information by way of the Annual Security Report. The publication is made available to prospective students and employees and is distributed to current students and employees by way of the campus mail system and the U.S. Postal Service. The publication can also be viewed via the University's website at <http://www.udc.edu> (click on Downloads under Quick Links). The crime statistics for the University of the District of Columbia (contained at the back of this brochure) are submitted to the U.S. Department of Education (ED) through a web-based data collection system and can be viewed at the following web address: <http://www.ope.ed.gov/security>

ABOUT THE CLERY ACT

The issue of campus safety is a vital concern. The Clery Act, - originally known as the "Crime Awareness and Campus Security Act of 1990", is named in memory of Jeanne Ann Clery, a 19 year-old freshman who was raped and murdered at Lehigh University, while asleep in her residence hall room on April 5, 1986. The intention of the Clery Act legislation (renamed the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act in 1998) is to provide students and their families with accurate, complete and timely information about safety on campus.

COMPLYING WITH FEDERAL REPORTING REQUIREMENTS

This federal law is applicable to public and private institutions of higher education that participate in federal student financial aid programs, (under Title IV of the Higher Education Act of 1965) and is enforced by the U.S. Department of Education (ED). Under federal mandate, this Act requires institutions to disclose certain information about campus safety policies and procedures to current and prospective students and employees, and to provide statistical information concerning certain crimes that occur on and near their campus. Other information mandated by this Act include statements about campus law enforcement policies, campus security education and prevention programs, alcohol and drug policies, sexual assault education and prevention programs, procedures for reporting sexual assaults, and procedures for handling reports of sexual assault. The Act has undergone several legislative amendments since its inception, primarily resulting in expanded reporting requirements.

Prominent Reporting Requirements Mandated by the Clery Act

- Publication and dissemination of an annual security report made available to prospective students and employees and distributed to current students and employees.
- Disclosure of specified campus safety and security policies and practices.
- Providing three years worth of selected crime statistics (a) in accordance with the Federal Bureau of Investigation's Uniform Crime Reporting program, and (b) submitting the crime statistics to the U.S. Dept. of Education (ED) for inclusion in a database that will be distributed to the public on the ED web site.
- Maintaining a public crime log (of all crimes reported to the department); the log must be open to the general public (including parents and the news media).
- Making timely warnings to the community about crimes that pose an ongoing danger to students and employees on campus.

CAMPUS SEX CRIMES PREVENTION ACT (CSCP)

The Campus Sex Crimes Prevention Act (Section 1601 of Public Law 106-386) was enacted in October of 2000. This particular Act provides for the tracking of convicted registered sex offenders enrolled as students at institutions of higher education, working or volunteering on campus. The Act mandates that state procedures ensure that sex offender, or registration information, is promptly made available to law enforcement agencies with jurisdiction where the institution of higher education is located, and that the information is entered into appropriate state records or data systems.

SEX OFFENDER REGISTRY

The Metropolitan Police Department (MPD) has an established sex offender registration program for the District of Columbia making sex offender information available to the public. If you would like further information, please contact the MPD – Sex Offender Registry Unit, at 300 Indiana Avenue, N.W., Washington, D.C. 20001, or call (202) 727-4407. The public may view the entire sex offender registry by visiting one of the Police Districts, the Sex Offender Registry Unit, or by viewing the following web address: <http://mpdc.dc.gov> (click on **Sex Offender Crime Registry under Services**).

“SUZANNE’S LAW”

Signed into law by President George W. Bush as part of the national “Amber Alert” bill, this federal law requires law enforcement to notify the National Crime Information Center (NCIC) any time a person under age 21 is reported missing. Previously police were only required to report missing persons under the age of 18. The law is named after Suzanne Lyall, a 19 year-old University of New York at Albany student who has been missing since 1998. The law is intended to impel police to initiate prompt investigations of young persons who have gone missing. The DPSEM at the University of the District of Columbia complies with this law.

MPD publishes a Missing Persons Guide that provides instruction on immediate actions to be taken for missing persons. There is no time period for reporting a person missing in the District of Columbia. To view the MPD Missing Persons Guide go to <http://mpdc.dc.gov> (click on **Crime Solvers under Services**).

DEPARTMENT OF PUBLIC SAFETY & EMERGENCY MANAGEMENT

WHO WE ARE & WHAT WE DO

DPSEM is a well trained team inclusive of a Vice President (Chief of Police), Assistant Chiefs, sworn police supervisors and officers, Communication Specialists, Environmental Health & Safety Professionals, administrative and parking personnel.

DPSEM has oversight for the following four major areas of responsibility: University Police Operations, Parking Operations, Emergency Preparedness & Response and Environmental Health & Safety. Police operations comprise the largest component of the division, with a vast array of duties ranging from investigating complaints, to staffing special events, and vehicular and traffic control. Police operations consist of three overlapping shifts, with individual command personnel who remain available to provide immediate response and direction for critical or environmental hazards or emergencies. University Police, public safety and environmental health & safety personnel respond to and investigate all calls for service received by the Department, whether criminal or non-criminal in nature, and both on and near the campus. The University Police division is operational 24 hours per day, 7 days per week, year round, and Police Communication is staffed at all times.

HOW WE DO IT

DPSEM team strives to maintain positive and meaningful communications through sound partnerships with other District Emergency response agencies. University Police partners with a host of agencies ranging from the District's Consortium of Universities, to various other local, state, and federal law enforcement agencies; we rely on these various entities for mutual support. Through these alliances, training opportunities, information sharing and other types of assistance are rendered. University Police sustain an exceptional partnership with MPD. When information is received regarding criminal activity that may involve a member of the University community, University Police will actively investigate and collaborate with MPD accordingly. MPD routinely communicates with University Police on serious incidents occurring on or near the campus, and in particular, those incidents involving University students or staff; likewise, University Police notifies MPD on major offenses reported to University Police.

Currently, UDC is the only university in the city with the capability to exchange radio communication on demand, in real time (when authorized) with local and regional law enforcement, fire/EMS, and emergency management agencies.

Finally, as a member of the District's Consortium of Universities, University Police administrators support the MPD's Joint Operations Command Center (J.O.C.C.). Through this commitment UDC police administrators, on a rotational on-call basis, are called upon to staff the J.O.C.C. in the event of a District-wide emergency. This type of interagency collaboration personifies the commitment of the many emergency response agencies that service the District of Columbia community which DPSEM is proud to be an active participant.

AUTHORITIES & JURISDICTION OF UNIVERSITY POLICE

University Police are appointed as Special Police Officers (SPO), pursuant to the provisions of the District of Columbia Code, Sections 4-114 and 4-115. The guidelines that regulate campus and University SPOs are pursuant to the College and University Campus Security Act of 1995.

DPSEM SPOs are armed and have the same authority as a law enforcement officer to arrest without a

DPSEM SPOs are armed and have the same authority as a law enforcement officer to arrest without a warrant for offenses committed within the premises of their geographical area of jurisdiction. Geographical jurisdiction extends to those buildings and properties owned or controlled by the University of the District of Columbia. While MPD has primary jurisdiction and authority in all areas off campus, University Police can and do respond to student and staff related incidents that occur adjacent to the Van Ness Campus and satellite locations.

COMMENDING OFFICERS & PROCEDURES FOR FILING COMPLAINTS OF MISCONDUCT

Consistent with our five core values for providing quality customer service, it is our goal that your encounters with members of our Department exemplify quality caring service, as demonstrated through our actions and words.

Acknowledgement of a member of the Department for service rendered during the performance of his/her duties, may be done by contacting the **Office of the Vice President for Public Safety at (202) 274-5148, or the Assistant Chief of Police at (202) 274-6132**. Please be prepared to provide the member's name, the type of service rendered, and the date and approximate time that the action occurred. The Department member will be recognized, and a copy of the commendation will become a permanent part of their personnel folder.

Allegations of Misconduct: the University has an established formal complaint process for addressing allegations of misconduct by its employees which governs complaints pertaining to the conduct of a University Police officer. In accordance with the District of Columbia Personnel Manual (Chapter 16), this formal process provides for corrective action (as appropriate) while at the same time protecting employees from unwarranted criticism when duties are properly performed. In general, the process involves reporting the alleged misconduct to the **Office of Human Resources located in Building 39, Room 301 (202-274-5020)**. The Office of Human Resources has immediate authority and oversight for investigating complaints. You may also contact the **Office of the Vice President for Public Safety located in Building 39, Room 301K (202-274-5148)**. DPSEM will respond to and collaborate with the Office of Human Resources on complaints regarding the misconduct of a University Police officer. However, it is the responsibility of the Office of Human Resources to pursue complaints, assure that resolution is achieved and complaints are centralized. Complaints are investigated and handled in a just manner that takes into consideration the rights of the complainant and the accused, as well as the safety and needs of the University community while the investigation is being conducted.

CAMPUS SAFETY & SECURITY

Campus Escort: If you must travel alone, a walking escort is available to University students, faculty, staff and guests, to and from campus buildings or parking facilities. To request a walking escort, contact University Police at 274-5050.

Facilities Access: Access to University owned and controlled buildings and grounds is a privilege that is extended to students, faculty, staff, and guests. By the very nature of its location, landscape design, and exterior perimeter boundaries, the University promotes an open and welcoming environment. However, the University reserves the right to apply appropriate limitations (as needed) in order to ensure the safety and well being of our community. Except for times when the University is officially closed, most campus facilities are open during the time when classes are in session or by special arrangement. Authorization for use of campus facilities and premises must be obtained in advance through the **Office of Space Reservation on (202) 274-5576**.

As a matter of security, University Police encourage authorized staff who are working in their office outside of normal business hours or during times when the University is officially closed to contact **Police Communications at (202) 274-5050** upon entering and leaving the campus. Pursuant with existing policy, employees must obtain prior approval when requesting facilities access during times when the University is officially closed. To obtain additional information, please contact the **Office of the Vice President for Public Safety and Emergency Management at (202) 274-5148**.

The implementation of UDC's campus-wide access control system affords the University Police the ability to assess, monitor and track access throughout the University, thus providing for a safer environment."

Facilities Maintenance: The Office of Campus Services provides power plant operations and maintenance for buildings and grounds located on the Van Ness Campus. Other facility maintenance conditions addressed by this division include electrical and mechanical services, exterior lighting and landscape control, elevator and escalator repair, and more. Unsafe facility conditions such as exterior lighting, inoperable locking hardware, thick or full shrubbery, unsafe steps, handrails, or walkways, and other potentially hazardous facility conditions should be reported immediately to the Office of Campus Services, located in Building 38, Room C01 during normal business hours. You may contact **Campus Services at (202) 274-5865**. University Police are available afterhours for those conditions or situations posing an immediate danger or risk.

Emergency Preparedness & Response: UDC is committed to providing a safe and environmentally-conscious campus for its students, faculty and staff, and for the local community. As part of this commitment, DPSEM has developed *The Environmental Management Plan and The Emergency Action Guide*. The Emergency Management Plan outlines laws and regulations associated with the management of hazardous materials and waste. The Emergency Action Guide is a condensed version of the District's Manual, which provides an emergency management framework for institutional preparation in response to major on-campus emergencies that may threaten the health and safety of the University community or disrupt its programs and operations. The Emergency Action Guide is an evolving document, designed for continuous update as circumstances and conditions change. Both documents can be viewed online by visiting UDC's website at, www.udc.edu (click on Downloads under Quick Links)."

RIGHT TO KNOW

Complaint Procedures, Penalties & Sanctions

All community members of the University of the District of Columbia are expected to demonstrate due diligence, care and support, in preserving and upholding all institutional, local, state, and federal laws. Students and employees are subject to prosecution under applicable local, state or federal laws, and any disciplinary action imposed by the University may be in addition to penalties imposed by other outside law enforcement entities. University community members found to be in violation of institutional policies through the procedures and systems prescribed in the University's policy statements and other regulatory standards are subject to sanctions, up to and including suspension or expulsion. In cases of action by civil authorities, the University reserves the right to proceed with disciplinary action even if criminal proceedings are pending. The outcome of a disciplinary action will not be subject to challenge because criminal charges involving the same incident were dismissed or reduced.

- Complaints received against students are forwarded to the Office of the Vice President for Student Affairs for resolution within the Student Judicial System. A complete outline of student policies, regulations and disciplinary sanctions (Code of Student Conduct and Student Judicial System) can be found in the Student Handbook. Copies of the Student Handbook are available at the Office of the Vice President for Student Affairs.

WHAT IS SEXUAL ASSAULT?

A sexual assault is about power, anger, and control. It is an act of violence and an attempt to degrade someone using sex as a weapon. Above all, sexual assault is a crime. Sexual assaults can happen to anyone: children, students, wives, mothers, working women, grandmothers, rich, poor, boys and men. The assailants can be anyone: classmates, co-workers, a neighbor, delivery person, total strangers, outgoing or shy, and often a friend or a family member. If you or someone you know have been sexually assaulted, call the police or visit the following web address for an informational emergency resource guide provided by the D.C. Rape Crisis Center:

<http://mpdc.dc.gov> (click on Victim Assistance under Services)

- Complaints received against employees are forwarded to the Director of the Office of Human Resources and the Office of General Counsel (as applicable) for resolution within the University's respective grievance procedure systems. University employees are referred to the Office of Human Resources for information regarding institutional and municipal policies and regulations governing employees.

SEXUAL HARASSMENT POLICY

UDC is committed to providing a work and academic environment that encourages intellectual and academic excellence and promotes the emotional well being of its students, faculty and staff. Sexual harassment is inconsistent with this objective and contrary to the University's policy of equal employment and academic opportunity. The University's policy on sexual harassment is designed to address and resolve complaints, support complainants, protect confidentiality and preclude retaliation against complainants and those who cooperate with an investigation. Sexual harassment of even one person by any other person is an institutional problem and the University administration wants to know about it so that prompt and appropriate action can be taken to protect the victim and ensure that no further incidents occur. The prompt reporting of harassing conduct will result in a thorough investigation and when appropriately established, will result in discipline of the harasser. Incidents of sexual harassment should be reported to the **EAP/EEO Coordinator located in the Office of Human Resources by calling (202) 274-5020**. For additional information concerning sexual harassment, see Sexual Assault Resources (page 17).

EQUAL EMPLOYMENT OPPORTUNITY & AFFIRMATIVE ACTION

UDC actively subscribes to a policy of equal opportunity in education and employment and will not discriminate against any person in recruitment, examination, training, promotion, retention, discipline or any other aspect of employment and education administration because of race, color, religion, national origin, sex, age, marital status, personal appearance, sexual orientation, familial status, family responsibilities, matriculation, political affiliation, disability, source of income, place of residence or business.

WEAPONS: UNAUTHORIZED USE AND POSSESSION

Unauthorized possession or use of a firearm or explosive device (of any description), and anything used to threaten or harm, including (but not limited to): fireworks, compressed air guns, pellet guns, BB guns, paint guns and water guns, is prohibited.

REPORTING CRIME AND COLLECTING CRIME DATA

DPSEM prepared this report in cooperation with the local law enforcement agencies surrounding our main campus and alternate branch locations. Campus crime, arrests, and referral statistics include those reported to University Police, law enforcement agencies and “campus security authorities”. The University’s obligation to disclose crime statistics reported to local police and non-law enforcement entities that may be recognized as “campus security authorities” is a requirement of the Clery Act.

DPSEM acknowledges that there are several non-law enforcement individuals (such as, but not limited to, deans, directors, and department heads) that by their significant roles or responsibilities may reasonably be identified by students and employees as “officials” or “authorities” to whom crime should be reported. These individuals are not expected, nor are they responsible for determining whether or not a crime has been committed, which is why University and local police stand ready in this function, examining any information supplied by these individuals. For reporting purposes, DPSEM relies on recognized campus security authorities to make available information that better enables us as an institution to accurately report crime occurring on and near our campus. With the exception of those individuals exempted from disclosing offenses reported to them under the provisions sanctioned by the Clery Act (pastoral and professional counselors acting in the role of pastoral or professional counselors) are strongly encouraged to report any allegations of campus crimes to the appropriate law enforcement personnel (University or local police). The University recognizes the Office of the Vice President for Student Affairs (Building 39, Room 301-I) and the Office of Human Resources (Building 38, Room 301) as resources for reporting crime and for accepting student victim complaints against student assailants. Personnel from either of these offices will assist student victims in notifying appropriate law enforcement authorities, if the student chooses.

DPSEM encourages anyone who is the victim or witness to any crime to promptly report the incident to the police. Since police reports are public records under state law, University Police cannot hold reports of crime in confidence. DPSEM encourages non-law enforcement individuals to whom crime is reported to inform the reporting person of procedures for reporting crimes. Crimes should be reported to University Police to ensure appropriate police action and inclusion in the compilation of annual crime statistics and aid in providing timely warning to the University community via

Confidential Reporting - If you are the victim of a crime and do not want to pursue University or criminal intervention, you are still encouraged to make a confidential report. With your permission, UDCPD can file a report on the details of the incident without revealing your identity. Confidential reporting allows UDCPD to take steps to ensure the safety of yourself and others while complying with your wish to maintain anonymous.

CRIME AWARENESS & CRIME PREVENTION

CRIME PREVENTION & EDUCATION

Using a multi-layered approach, DPSEM provides services and employs strategies that maximize crime and safety awareness while at the same time encouraging community members to take responsibility for their personal safety and the safety of others.

Throughout the academic year, DPSEM members conduct crime prevention and education presentations, distribute preventative and informational literature, and deliver safety and security programs to new and returning students, faculty, staff and guests. Police and environmental health & safety administrators participate in student orientations held at the beginning of each academic semester, as well as various other programs and functions sponsored by the University, for the purpose of providing information concerning crime awareness, campus safety, and other public safety procedures, practices and initiatives. Often times, public safety officials are called on to conduct educational and preventative presentations for a targeted group; however, it is not uncommon for public safety officials to contact a particular community member, group, or division when a pattern of criminal or unusual activity is observed at or near a particular campus location. These various overlapping measures promote campus safety by providing a proactive strategy toward thwarting dangerous or threatening conditions that adversely impact the University community. To learn more about crime prevention, or to request a presentation or other literature, please call (202) 274-5148.

Look for crime prevention and health and safety articles routinely published on the web at, www.udc.edu/ps

DAILY CRIME LOG

University Police respond to criminal incidents and non-criminal activity on and near the campus. Incident report numbers are assigned to all criminal and many non-criminal incidents investigated by or reported to University Police. DPSEM records all criminal incidents reported to University Police on the Daily Crime Log, which is updated each day, except for days when the institution is closed. As a practice, non-criminal activity (on or near the campus) that is deemed significant (of potential interest to the community) is also recorded on the Daily Crime Log and is classified an information report. Daily Crime Log entries include the nature of the crime (offense classification) or non-criminal activity (information), the incident report number, date reported; date, time and location

No police or public safety entity can guarantee that you will never become a victim of a crime. Nevertheless, through fervent partnership with our community, and through preventative education and awareness, we can minimize, and in some instances, even remove the opportunities associated with the occurrence of crime. We encourage students, faculty, staff, and guests to report all suspicious or unusual activity to University Police immediately. Please support the efforts of the public safety team by taking an active interest and role in your personal safety and the safety of others.

of occurrence; a brief description of the incident and the disposition. According to federal law, an institution may temporarily withhold information from the Daily Crime Log in instances where disclosing the information could compromise the confidentiality of the victim, the safety of an individual, or an ongoing investigation. The Daily Crime Log is open to public inspection, including parents and the media, and can be viewed upon request during normal business hours at the **Police Communications Center, located in Building 39, Room A13 or on the web at, www.udc.edu/ps.**

TIMELY WARNINGS – CAMPUS SAFETY ALERTS

When conditions or circumstances warrant, DPSEM issues Campus Safety Alerts as timely warnings to caution the University community to potentially dangerous or threatening situations, serious crime, and other activity that poses a threat to persons or property. These timely warnings offer preventative safety and security precautions that arm the University community with information that enables them to protect themselves, while at the same time serving to prevent similar crimes or conditions. Campus Safety Alerts are sent by way of University-wide electronic mail (to all campus community members who have an active account), voicemail and by way of faculty and staff newsletters, posters, flyers, and fax. In an attempt to reach as many community members as possible, DPSEM calls on the University community, with the postings of Campus Safety Alerts throughout the campus, in conspicuous locations. In some cases, and particularly in instances when a crime or condition occurs near the campus, other local, state and/or federal law enforcement authorities are often engaged with University Police in a unified effort toward minimizing or removing crime and crime risks, as well as alerting the community.

Being prepared to rapidly disseminate accurate emergency information before, during, and after a disaster is critical in protecting life, mitigating casualties, and minimizing chaos. As such, UDC, in preparedness for the unexpected, has partnered with the DC Emergency Management Agency (DCEMA)/Alert DC, to enhance the University's ability to mass communicate. In the event our community requires immediate notification (School Closings, Crime Alerts, terrorist attack, shelter-in-place, active shooter, etc), an emergency notification account "University DC" has been established with Alert DC. This community emergency notification system, made possible through the District of Columbia Government, provides immediate text notification to email, cell phone, and other electronic devices. All members of the University Community are encouraged to sign-up immediately for this free public service.

To sign-up, follow this link to the DCEMA/Alert DC site: alert.dc.gov (click on the "Alert DC" icon, "New User" then enter your personal information).

NOTE: During the registration process, make sure you select "University of the DC" as your College/University.

REPORTING CRIME AND OTHER EMERGENCIES

For activities occurring on campus, University Police are the best line of contact because they are most often the first responders to the scene. When you contact **University Police at (202) 274-5050** an officer(s) will be dispatched to the location of the incident. University Police simultaneously initiate emergency response from other agencies as needed, or as required. **For direct access to municipal emergency response services (police, fire, ambulance), dial 911 (9 + 911 from any University telephone).**

Should you become a victim of a crime, or should you witness a crime, use the following information to immediately contact University Police:

On/Off Campus: 274-5050 (within the District of Columbia); **(202) 274-5050** (outside the District of Columbia).

In Person: Police Communications – Building 39, Room A-13 (staffed 24 hours per day, 7 days **per week, year round**).

Emergency Call Boxes: two-way communication call boxes are strategically located throughout the campus and allows for direct two-way communication with the UDC Police Communications Center. When emergency call stations are activated, the location from where the call is made is displayed in UDC Police Communications and an officer is immediately dispatched. Call boxes are easily identifiable, yellow in color, and are equipped with a blue strobe light that pulses upon activation. Please become familiar with the location of these various call boxes as you traverse the campus.

(See p. 24 for complete listing of emergency call boxes.)

University Police, environmental health and safety personnel respond and investigate all calls for service received by the Department, whether criminal or noncriminal in nature, on and near the campus.

SEX CRIMES

Rape, Sexual Assault, Sexual Harassment & Nonconsensual Sexual Activity

REPORTING SEXUAL ASSAULT

Victims of sexual assault have several options. We strongly encourage survivors to report the sexual assault to police. If you wish to report the assault (and in the interest of building a strong legal case, should you choose to press charges) it is best to report the crime right away and have an examination to collect evidence. A sexual assault exam can be performed up to 96 hours after the assault; however, you can report anytime up to seven years after a sexual assault. After you call the police, several procedural steps are followed. In the District of Columbia a uniformed police officer will take a brief statement from you. The officer will then call the MPD Sexual Assault Unit. These detectives are specially trained in this field. If you report a sexual assault to the police or if you go to Howard University Hospital, an operator will contact the D.C. Rape Crisis Center and a counselor or advocate will meet you at the hospital to provide information and support. Specially trained nurses called Sexual Assault Nurse Examiners (SANE) are available 24-hours per day at Howard University Hospital to provide medical attention and to collect evidence for court. The SANE examination at Howard University Hospital is free of charge. Howard University Hospital is located at 2041 Georgia Ave., N.W., Washington, D.C. In the District of Columbia, the D.C. Rape Crisis Center can provide you with immediate, confidential and free services that will help you to explore all of your options. If you do not wish to report the sexual assault to the authorities, you should still seek medical care for any injuries, possible pregnancy, sexually transmitted diseases (STDs), physical evidence, or possible side effects associated with a drug-induced sexual assault. Even if you do not wish to report the sexual assault, the D.C. Rape Crisis Center has counselors and advocates who provide supportive services to survivors that helps them to understand the criminal justice system (reporting, prosecution and court proceedings). **Call the 24 Hour D.C. Rape Crisis HOTLINE at 202-333-RAPE (7273) for counseling and referrals to the hospitals nearest you.**

WHAT SHOULD I DO IF I AM SEXUALLY ASSAULTED

If you or someone you know have been sexually assaulted, you are encouraged to contact any of the following offices for victim support and assistance:

- **University Police:** If you are a victim of a rape or sexual assault, when you contact **University Police at (202) 274-5050** assistance is initiated, to include contacting appropriate law enforcement entities and emergency response caregivers.
- **Municipal Emergency Response:** For direct access to local police, fire and ambulance, dial **911 (9+911)** from a University Telephone or utilize an Emergency Call Box.
- **MPD Sexual Assault Unit: (202) 727-3700.**

Professional staff provides free and confidential clinical services to students, staff, and official guests, for all emergencies and incidents occurring on campus. You may call

ahead for an appointment or you may walk-in. Health Services professionals can facilitate appropriate referral and resources, and will offer guidance and support in identifying appropriate services available through the D.C. Department of Health or the area in which you live. For direct access to the **University Health Services call (202) 274-5030**, or visit Health Services located in Building 44, Room A33. • **D.C. Rape Crisis Center – 24-hour HOTLINE** (counseling for childhood and adult sexual assault and advocacy services): **(202) 333-RAPE (7273)**.

- The University recognizes the **Office of the Vice President for Student Affairs** (Building 39, Room 301-I) and the **Office of Human Resources** (Building 38, Room 301) at the University of the District of Columbia as resources for reporting crime and for accepting student victim complaints against student assailants. Personnel from either of these offices will assist student victims in notifying appropriate law enforcement authorities, if the student chooses. **As a matter of policy, if the offender is affiliated with the University, the appropriate office (Provost, Student Affairs or Human Resources) is notified.**

REPORTING – STUDENT AFFAIRS & THE STUDENT JUDICIAL SYSTEM

Student victim complaints against student assailants are forwarded to the Office of the Vice President for Student Affairs for adjudication by the Student Judicial System. Students found to be in violation of the Code of Student Conduct based on a preponderance of the evidence will be subject to University sanctions in addition to any penalties imposed by other outside law enforcement authorities. Sanctions imposed by the Student Judicial System range from disciplinary reprimand and disciplinary probation, to suspension or expulsion. Complaints are investigated and handled in a just manner that takes into consideration the rights of the accused, the rights of the complainant, and the safety and needs of the University community while the case is being examined. As a result, and when appropriate, student offenders may be subject to interim suspension (upon receipt of a complaint) in the interest of protecting the safety or health of any person.

REPORTING - UNIVERSITY POLICE & OTHER LAW ENFORCEMENT

A sexual assault survivor can choose whether or not to report the assault to authorities and to what degree to pursue the matter, once reported. However, upon learning of a sexual assault, University Police are legally obligated to notify the MPD and the D.C. Sexual Assault Unit, or the police department in the jurisdiction where the assault occurred. Upon being contacted, University Police remain available to ensure appropriate assistance is initiated, to include contacting appropriate law enforcement authorities and emergency response caregivers.

WHAT TO DO IF YOU OR SOMEONE YOU KNOW IS SEXUALLY ASSAULTED

Whatever choices a victim makes for reporting an incident, it is important that he or she take the following actions, which will significantly aid in the successful criminal prosecution of the responsible party: (a) seek immediate medical assistance (within 24 hours of the assault) and get counseling as soon as possible; (b) preserve physical evidence (such as clothing and bed coverings); (c) do not douche, bathe, shower, brush your teeth, wash your hands, eat or drink anything, smoke, or change clothes before seeking medical treatment; and (d) report the sexual assault to authorities.
