Are you caring for a loved one? Whether you are caring for an elderly parent, a partner living with HIV/AIDS, or a friend with a recent cancer diagnosis, Caregivers Connect is a safe space to discuss the experiences and issues related to caregiving. You'll learn about resources and tools to cope with some of the financial, logistical, and emotional aspects of caregiving. Come share and receive support from others who are going through the same thing.

This confidential support group runs for 10 sessions at Whitman-Walker Clinic.
