Applications that describe projects for implementation and have the potential to achieve the highest return in terms of attainment of water quality standards and protection of the public health for the residents and visitors to the District of Columbia are encouraged.

This Request for Applications (RFA) explains how to apply for these funds and describes the projects for which funds are available. All applications must be received at the address below by 4:30pm on Thursday, August 13, 2012. Applications will be dated and recorded upon receipt. Applications must be directed to:

II. FUNDING AWARD INFORMATION

The total amount of funds available for awards is approximately seven million ($7,000,000) dollars. The final amount will be determined when USEPA provides the information the availability of fiscal year 2013 program funds. Consequently, DDOE has made no determination of the number of projects which will be funded. Grant award(s) will be made based on the determination of project eligibility, evaluation of the project application and the ranking of the projects based on their evaluation. The grant project period will vary depending on the project description.

III. APPLICANT ELIGIBILITY

A. Applicants must be registered to do business in the District of Columbia. Nonprofit organizations with IRS 501(c) 3 or 501(c) 4 determinations, and educational institutions are also eligible to apply. A non-federal monetary or in-kind match is required. The applicant should refer to the project description for more details. A copy of the applicant’s IRS form 990 must be included in the application.

B. Only projects that meet the eligibility threshold of having a high likelihood of achieving a water quality standard or reducing or eliminating an existing water quality problem will be evaluated, scored, and proceed to being included on a draft Project Priority List (PPL). Based on the scores, the draft PPL will list projects in descending order of priority for funding. The public will be provided the opportunity to review and comment on the draft
PPL. A public hearing on the PPL will also be held. At the close of the public comment period, DDOE will address the comments received and adopt the PPL as final. The final PPL will be submitted to USEPA for review and acceptance. Only projects included on the PPL approved by U.S. EPA are eligible for funding with these USEPA grant funds.

C. **Match**- All construction projects, that are ultimately deemed eligible and selected for construction grants funding, are funded at a 55% Federal grant share. The applicant must provide 45% of the selected project’s cost.
